## Responsibilities Of State Board Told at Rotary

It is a popular conception that the State Board of Equalization is a comparatively new agency, the principle function being that of liquor control, James H. Quinn, member of second district, State Board of Equalization told Albany Rotarians at the Monday luncheon.

"Contrary to this conception," he said, "it is the oldest and only elective Board in California. This is its 71st year of continuous function as the major revenue department of California."

Speaking on the "Duties and Responsibilities of the State Board," Quinn pointed out to members and guests that the alcoholic beverage control division is but one of seven major divisions (13 functions) of the Board.

He said the Board, having quasi judicial powers, hears franchise tax, income tax and bank and corporation tax cases in addition to sales tax, transportation, gas tax, liquor matters (licensing and taxing), insurance premiums tax, private car tax and a most important matter of public utility property valuation.

Quinn said the Board's function is to administer these tax and control laws assigned to it for that purpose. The rate of tax and general application is set by law.

The Board is divided into four districts. Its 2000 employees handle over 350,000 accounts in 56 offices throughout the state. The Board collects more revenue than 46 of the other 47 states, which amounts to over a million dollars a day throughout the year.

Quinn said since the repeal of prohibition, Albany has collected \$77,035 in fees from liquor licenses. During the past 14 months, Albany received \$9,925 in fees from the on and off sale of liquor.

Regarding juvenile delinquency and liquor, Quinn said: "Many persons are prone to blame juvenile delinquency on liquor, but in only a small percentage of the cases has this been found to be a fact."

"It has long been my contention that so-called juvenile delinquency is not juvenile delinquency at all, but adult delinquency. It is the adult who sells liquor to a minor or an adult who buys for a minor."

Quinn, who has served on the Board since 1942, is a candidate for a third term in the June 6 primary election. He was introduced by George Bernard, program chairman of the day.

## New Cubmaster, Committeemen For Pack 50

Over 100 Cub Scouts and parents of Albany Pack 50 were present last Friday evening for the installation of a new cubmaster and the induction rites for five new Bobcats.

Serving as cubmaster for the coming year will be William T. Dutton, who replaces William E. Price. At the same time James R. Havens was elevated to committee chairman, filling the post vacated by George McDonald. Alvin A. Klose succeeds A. L. Bates as assistant cubmaster.

Five new Bobcats were inducted into Pack 50 by Price as his last official act as cubmaster. They were Franklin Jeans, Brian Miller, Christy Price, Richard Shervington and Arthur Wise.

In keeping with traditions of the Pack, when sons of leaders reach graduation age, their fathers also retire from their posts.

Joe Olsen, youth welfare chairman of Albany Post No. 292, American Legion and member of the New York Yankees Alumni Ass'n., spoke to the Cubs and parents on his baseball experiences. Dr. R. P. Straka, athletic chairman, announced baseball practice dates for Pack 50 members.

Other program highlights included the motion picture, "Snow," presented by Pacific Gas & Electric Co.

The Albany Legion Post recently presented the Pack with a U. S. Flag, as respect for the flag is taught in scouting. The Pack is one of several youth activities sponsored by the Albany Post.

The Albany Mother's Club is sponsoring a dessert-whist luncheon 12:30 p. m. Tuesday at the Albany Y. M. C. A. Community Center, Kains at Solano Aves.

## Eagles Plan Mothers' Day Observance

"Is mother there?" will be the cheery voice that will ring through hundreds of local telephones between now and Sunday inviting mother to listen to the Lanny Ross radio program at 10:15 a. m. over KFRC (MBS).

When mother answers the phone, she will be talking to a member of Albany Eagles or its ladies' auxiliary, whose one-time Grand President Frank E. Hering, then a young professor at the University of Notre Dame, is given credit for the founding of Mother's Day in 1904. It has been a big day for Eagle members ever since.

This year each member in the 1750 Aeries in the country have pledged to call at least five mothers, expecting to reach a total of 20 million mothers, which is double that of last year. The members will ask the mothers to listen in on the MBS coast-to-coast Mother's Day program which will be dedicated to them, the Mothers of America.

Albany Eagles, in addition to assisting in this annual movement in honoring mothers on this day, will send greeting cards to each mother of the local Aerie along with remembrances of many happy returns of the day.

Citizenship certificates will be awarded by Principal Robert G. Dennis, and patriotic music will be presented by Lorice Bonnington and Minnie Ellen Hastings.

The public is invited to attend.

## Albany Approved For Reduction on Fire Insurance

Fire Chief Fred Pimental today announced a general rate level reduction for fire insurance in Albany, ranging from 2 per cent for the contents of some industrial buildings to 39 per cent for church buildings and their contents.

Rates for dwellings and their contents dropped 10 per cent, he said. Reductions were effective this week after the City received a class 4 rating similar to Berkeley, Oakland and other Bay Area cities by the Pacific Rating Bureau as a result of a recent Pacific Board of Fire Underwriters survey.

Pimental said Albany previously was in a class 5 rating, generally high for this area. He said that the decrease in rates was brought about by new improvements to the Fire Department and that additional improvements would mean still lower rates.

Reductions include the following: Frame mercantile buildings, 19 per cent, and their contents, 11 per cent; masonry mercantile buildings, 20 per cent, and their contents, 12 per cent; frame industrial buildings, 10 per cent, and their contents, 12 per cent; masonry industrial buildings, five per cent, and their contents, two per cent; frame school buildings and their contents, 10 per cent; masonry school buildings and their contents, five per cent; frame church buildings and their contents, 39 per cent, and dwellings and their contents, 10 per cent.

Pimental said that "property owners should consult their agents to determine the affect of the reductions on individual risks."

## Mosquito Control Plan to Be Placed on November Ballot

Dr. Robert McMahon, city health officer for the past eight years, Monday night submitted his resignation to the Albany City Council. Dr. McMahon in a letter to the Council requested an immediate release because of "the increase in his private practice."

A motion to accept the resignation was made by Councilwoman Mrs. Kathie Zahn, who commented that "health officers have resigned before."

When the measure came to a vote, Mayor C. F. Graeber and Councilman John C. Longaker voted no.

"I can't vote to throw anybody out that way," Mayor Graeber said.

Councilman Raymond Cleary, who seconded Mrs. Zahn's motion, told Mayor Graeber in a quick reply that "nobody was being thrown out." Cleary expressed his regrets over the resignation, but said Dr. McMahon made the request and would not reconsider.

Speaking from the floor, Lewis Howell, of 1079 Peralta Ave., brother of El Cerrito City Manager Edwin Howell, said:

"Until you change health commissioners there will be no one who will accept the job. No good health officer will work under Mrs. Zahn. I suggest you make her health officer. I think the Council should investigate the reasons why Dr. McMahon resigned."

On a motion made by Councilman Longaker, the Council unanimously agreed to place the issue of joining the mosquito abatement district before the voters in the November general election.

Councilman Longaker pointed out that the issue was voted down by voters four years ago and that any tax measure defeated by a vote should be placed on the ballot again rather than be passed by the Council.

In other business, the Council:

1. Approved a license fee of \$10 a year on each pinball machine in the city on recommendations of Police Chief Stanley C. Williams.

2. Agreed to install telephones in Albany's three libraries on recommendation of Mrs. Zahn.

3. Approved a \$300 temporary milk fund for children of unemployed parents.

4. Agreed to find a new location for a city dog pound. The present location on State property must be vacated within three months.

5. Authorized negotiations for a Key System franchise amounting to

**Albany High Times**

By ALLEN BABROS

"Tiger House," Robert St. Clair's thrilling mystery comedy in three acts, will be presented by Albany High School seniors May 19 at the school auditorium under direction of Richard Hillman, dramatics instructor.

This clever mystery play, which has been presented by more than 300 schools after a long, successful run on the professional stage, is laid around an isolated country estate called "Mystery Manor," because of its alleged hauntings.

Erma Lowrie, a young shop girl to be played by Radara Buckwalter, has inherited the estate from her eccentric aunt, and according to the terms of the will, she must occupy the house for a period of one year.

Erma's cousins, Arthur Hale (Ber Wilson) and Oswald Kerkins (Melvin Brunetti), her aunt Sophia (Bev-erly Ikola), and Peggy Van Ess (Barbara Anderson), a former girl friend, are all house guests when things begin to happen. Although the mystery element dominates, there are no dead bodies, no shots fired and nothing really gruesome happens.

Others in the cast include John Tilbury as Yami, a Hindu; Sharon Andrews as Mrs. Murdock, Bob Schneider as Macintosh, Mariane Rydman as the mystery woman, and the Tiger Man will be unknown until the end of the performance.

Tickets are now on sale for 50 cents and may be obtained from any high senior.
